ADDITIONAL SKILLS

- Analytical thinking
- Continuous learning
- Clear communication

XAVIER MOTA

Cybersecurity | Web Application Security | Pentesting | SOC

PROFESSIONAL SUMMARY

Junior Cybersecurity Professional focused on **Web Application Security**, **Pentesting** and **Security Operations (SOC)**. Actively developing practical skills through **hands-on web application security labs**, **CTFs** and **structured learning paths**.

Comfortable working with Linux, networking protocols, security tools such as Nmap and Burp Suite to detect, analyse and report vulnerabilities and security incidents.

You can find my **labs** and **notes** on **GitHub** at github.com/7xm7.

TECHNICAL SKILLS

- **Web Application Security & Pentesting:** OWASP Top 10 and common web attack patterns; practical exploitation in lab environments.
- **Security Operations (SOC):** Log analysis, basic incident handling and documentation; detection fundamentals; exposure to SIEM; network traffic analysis with Wireshark.
- **Systems & Networking:** Linux and Windows as daily lab environments; core networking concepts (TCP/IP, DNS, HTTP, VPNs).
- **Tools & Scripting:** Security tools such as Burp Suite, Nmap, Wireshark, WPScan and Metasploit; basic Python and Bash scripting; Git and GitHub to structure labs and notes.

TRAINING AND CERTIFICATIONS

- **PortSwigger Web Security Academy** | (Ongoing)
- **Jr. Penetration Tester** | TryHackMe | (Ongoing)
- **SOC Level 2** | TryHackMe | 2025
- **CS50's Introduction to Cybersecurity** | HarvardX | 2025
- **Google Cybersecurity Professional Certificate** | Google | 2025
- **Microsoft Certified: Azure Fundamentals (AZ-900)** | Microsoft | 2025

EDUCATION

- **Bachelor's Degree in Sports Science:**
Polytechnic Institute of Porto, 2016 – 2019

RELEVANT WORK EXPERIENCE

Packaging Operator – RTE | 2025 – Present

- Strong time management and focus in a high-demand industrial environment.
- Problem solving under pressure to meet daily production targets.

Co-Founder – FITRAINER SJM | 2023 – 2025

- Managed client relationships, onboarding and day-to-day service delivery.
- Planning, scheduling and basic business operations with direct customer contact.
